ABOUT THIS BOTTLE

The Château les Clauzots red 2019 is a wine that truly represents the Graves terroir. It is traditionally vinified in stainless steel vats, with a cold pre-fermentation maceration and a slow alcoholic fermentation. The wine is then aged for 18 months with wood contact on fine lees. This wine shows a vibrant intensity and freshness of fruits, enhanced by the careful aging which reveals elegant and fine wooden notes. The Cabernet Sauvignon, which is the dominant grape variety, brings freshness to the wine, especially in hot vintages like 2019, and also guarantees great tannic structure and excellent aging potential. The Merlot adds roundness and smoothness to complete the balance, while the small percentage of Petit Verdot expands the wine with its strength, freshness, and spicy aromas. Overall, the Château les Clauzots red 2019 is a well-balanced and harmonious wine that offers a wide range of flavors and aromas, with a remarkable longevity.
