About Folk Tree

Lodi is part of the larger Central Valley wine region, in particular the San Joaquin Valley. Folk Tree only uses grapes sourced farmed using organic and sustainable farming practices rather than conventional. Most of the growers have been in production for several decades. The Ehlers family winery has been in business for more than 80 years and is now onto its 3rd generation in charge. All wines are fermented in stainless steel and then the reds are aged in neutral French oak.
