All about this bottle

They added lots of fresh blood orange peel, grapefruit peel, pink peppercorn, cardamom pods, hibiscus flowers, and the local superstar, rhubarb, to their original gin to make it a summer sensation. A bright pink gin that will steal the show in all their summertime cocktails. G&T in pink? A Gimlet for the summer? Half and Half Martini? Sure thing! But with a refreshingly zesty new summer makeover.

Extra, extra!
