### All about this bottle

The Essence of Winter: Winter Gin is a one-of-a-kind seasonal delight. Whether one prefers sipping it neat or using it as the secret ingredient in classic gin cocktails, especially martini variations, they will find it to be the perfect companion for their winter nights. Infused with Local Wild Foraged Apples: They handpicked the finest wild apples within a 10-mile radius of their distillery, infusing a touch of nature's wonder into every bottle. The flavor mingles with the earthy tones of Assam Tea, and a soft sweetness from dried pears.
