A closer look...

Soil:	granite soils
Fermentation Methods:	A 12-hour maceration with the skins. Its structure and unctuousness come from cold fermentation and maturing with its lees in century-old jars and French oak foudre.
Winemaker:	Juanan 'Rico Nuevo'
Fining/Filtration:	No

All about this bottle

Albillo Real is found in the area of "El Diezgal". Acute acidity, flowery overtones, and tense tension. Wine with surprising freshness, complexity, length, and intensity. Not filtered or clarified. It may have sediments.
