ABV:	14%

A closer look...

Total Production:	300 CASES
Vineyard:	The vineyards are located in Valtenesi, a small wine-growing region located on the western shore of Lake Garda in the province of Brescia.
Soil:	The soils are of morainic origin, mainly sandy limestone.
Age of Vines:	1995
Vineyard Size:	3.75 hectares
Climate:	Located along the western shore of Lake Garda, the Valtenesi, facing the sunrise, is characterized by cool nights, light breezes and sunny mornings. A sweet climate that gives the wines fineness and elegance.
Farming Methods:	The orientation of the rows is north / south and as a consequence the exposure to the sun is east / west. The altitude of the vineyards is 150/200 meters above sea level. and the distance from the lake is 500 meters. Manual Harvest
Fermentation Methods:	After destemming and soft pressing, the grapes are put in small stainless steel fermenting tanks where spontaneous alcoholic fermentation begins without using selected yeasts. After a 20-day maceration the must is separated from the skin and put in barriques where the fermentation is accomplished and the malolactic fermentation reaches naturally its complete fulfillment.
Winemaker:	ANDREA SALVETTI / LUCA DIATTOMA
Elevage:	22 months of ageing in barriques of second passage before the bottling.
Fining/Filtration:	dead-end filtration
Residual Sugars:	0.60 g/l
Acidity:	5.34 g/l
SO2:	45 mg/l

All about this bottle

“Le Zalte is the most representative wine of the company’s history and production choice. This Bordeaux blend represents the complete synthesis of what we believe it means to make biodynamic wines: a method that focuses on work in the vineyard and which sees in the cellar the accompaniment to the transformation of grapes into wine.

Intense ruby red color with violet reflections when young. The nose is wide and intense with hints of blackberries, raspberries, marasca cherry jam and a light violet on a spicy background. The taste is soft and full with sweet and velvety tannins, closing on fruity tones of great persistence..
